Slide 9

Property Accountability
Hand Receipt Inventories

PROGRAM GOAL: Inventory 100% of all property annually.

CURRENT YEAR OBJECTIVES: Ensure all property is recorded on the Property Books and is inventoried on an annual basis.

CURRENT YEAR RESOURCES: Number of Property Book items 475591 valued at $1.9B.

IMPACT ASSESSMENT: Commanders must stress the importance of inventorying items with old inventory dates with bar gun scanners to ensure that the APPMS database is updated to a current inventory date.

END OF YEAR PREDICTION: GREEN.   Most districts are updating their APPMS databases on an annual cycle with approximately 25 percent updated per quarter.   With Command attention, we anticipated this process would produce a green rating by 3rd Qtr FY 00. However, the overall command rating fell just short of green at 97.65 percent.

ANALYSIS AND CORRECTIVE ACTION: The Overall rate for 3rd Qtr 00 was 97.65 percent whereas the overall rate for 1st Qtr 00 was 88%. Most elements are now using bargun scanners to inventory all property items but more emphasis is needed to find and inventory some assets that have a blank inventory date and are as much as 2 years old.

Slide 15

Vehicle Utilization Rate

PROGRAM GOAL: Minimize costs by acquiring and maintaining only the minimum number of vehicles required for mission accomplishment and maximizing their use.

CURRENT YEAR OBJECTIVES: Meet the USACE established goal of 85 percent.

END OF YEAR PREDICTION: GREEN

CURRENT YEAR RESOURCES: 6239 vehicles were reported.

IMPACT ASSESSMENT: 84 percent of Corps activities have achieved the 85 percent utilization goal.

ANALYSIS AND CORRECTIVE ACTION:
- This UR represents the Mileage Utilized Rate.
- 7 Div/Dist/FOA with UR red: LRC,POA,POF,POH,POJ,HEC,ERDC
- 2 Div/Dist/FOA not using VIMS and did not report: LRL,NAN
- The Corps Fleet as a whole had a 100% mileage utilization rate of those reporting.

Vehicle Utilization Rate

PROGRAM GOAL: Minimize costs by requiring all Special Purpose Vehicle meet days utilization for mission retention and maximum use.

CURRENT YEAR OBJECTIVES: Meet the USACE established goal of 85 percent.

END OF YEAR PREDICTION: RED

CURRENT YEAR RESOURCES: 1352 vehicles were reported.

IMPACT ASSESSMENT: 9 percent of Corps activities achieved the 85 percent utilization goal.

ANALYSIS AND CORRECTIVE ACTION:
- The Corps Fleet as a whole had a 49 percent utilization rate
- This UR represents the Days Utilized Rate.
- Only 3 Div/Dist/FOA were green: SAS, SAW, SPL.
